(a) The opportunity to call witnesses and to question and cross-examine each witness called to testify.

(b) The opportunity to enter into the record of the hearing documentary or physical evidence relevant to the matter before the Commission.

(c) The opportunity to present closing statements in support of their positions, if they choose to do so, upon the conclusion of the testimony and receipt of evidence.

(8) The hearing officer shall not require that strict rules of evidence be followed but shall ensure that due process is afforded under applicable tribal and federal law. The hearing officer may prohibit the presentation of evidence including documents and witnesses that a party has failed to disclose as required by 19-6-105, or if the hearing officer determines such evidence to be irrelevant.

(9) Following presentation of all the evidence, the deliberations of the Commission shall be conducted in private.

19-6-108. Decisions of the Commission.

(1) The Commission shall determine, based on the record of the evidence from the hearing, whether clear and convincing evidence supports the allegations of the complaint.

(2) Upon reaching a decision based on that standard, the Commission shall, within 10 days of the hearing, issue its findings of fact and legal conclusions in written form together with the penalties, if any, to be imposed in the event a violation has been found.

(3) Service of the decision shall be made without delay upon the respondent and the complainant by personal service by a peace officer, an authorized process server, or by certified mail.

19-6-109. Dismissal of Complaints.

(1) The Commission may, at any stage of the proceedings, dismiss any complaint upon a finding of any of the following:

- (a) lack of personal or subject matter jurisdiction;
- (b) lack of sufficient evidence; or
- (c) violations of due process.

(2) The Commission may dismiss any complaint upon verified completion of a negotiated settlement pursuant to § 19-5-107 of this Code.

(3) After completion of a preliminary review pursuant to § 19-5-104(5), the Commission may dismiss any complaint upon finding that the complaint fails to make sufficient allegations that, if proven, would support a finding of a violation of this Code by an appointed or elected official.

(4) Service of an Order of Dismissal shall be made without delay upon the respondent and the complainant by personal service or by certified mail.

(5) If, in dismissing a complaint, the Commission finds that the complaint was filed in bad faith but the Commission lacks jurisdiction to proceed to a hearing regarding the bad faith, it shall include the evidence in support of its findings in the Order of Dismissal, which evidence may be admissible in a separate civil or disciplinary proceeding.

19-6-110. Default. Where a respondent, after being properly notified of the hearing, does not appear for the hearing, the Commission shall hear the evidence and may enter a default against the respondent and proceed to impose penalties as prescribed in Article 7.

19-6-111. Appeal to Tribal Court.

(1) The Ethics Office, the complainant, or the respondent may seek judicial review of a final Commission decision, which may include a request for judicial review of procedural rulings made by the hearing officer, by filing a written petition for review with the Tribal Court, within 15 days of receipt of such decision. The petition must state the grounds for seeking review. The Commission shall be represented by the Tribal Legal Department in any such appeal.

(2) The Tribal Court may stay enforcement of the Commission's decision pending the resolution of any appeal filed hereunder.

(3) Review by the Tribal Court shall be limited to the record made by the Commission, and the Tribal Court shall not substitute its judgment for that of the Commission as to any disputed finding of fact.

(4) The Tribal Court may reverse a Commission decision and may remand the matter for an additional hearing if it finds that the decision is not supported by the record or if it finds a material error in procedure took place. The Tribal Court may reverse or modify a Commission decision if it finds an error of law or if it finds the decision to be arbitrary and capricious.

(5) Unless the Tribal Court finds cause for reversing, remanding, or modifying the Commission's decision, it shall affirm the Commission's decision and enter an order directing its enforcement.

(6) Upon presentation of relevant newly discovered evidence that could not have been presented at the prior hearing because it was not known, the Tribal Court may order the Commission to conduct a new hearing.

(7) The decision of the Tribal Court shall be final and not subject to further appeal.

The Commission may also require that the Tribal Council, Tribal Chairman or any other appropriate entity respond within a particular time frame to the Commission to document any action taken in accordance with the Commission's decision.

(4) The Commission may publish notice of its decision or otherwise make publicly available its findings and recommendations.

(5) Any penalty imposed may include appropriate conditions necessary for corrective action, as well as the payment of restitution, as determined by the Commission, and costs of the proceedings, including investigative costs.
